## WHAT ESTATE PLANNERS NEED TO KNOW ABOUT FAMILY LAW

### Will Reppeto

*Sponsored by Dallas Foundation and Lindquist Eisenberg, LLP*

The Texas Family Code provides that property possessed by either spouse during or on dissolution of marriage is to be presumed community property. The Supreme Court has held that a spouse claiming separate property has the burden to trace and clearly identify that asset or assets. The scope of this presentation is to the process by which an individual can correctly employ the various methods of tracing to characterize an asset as a separate property asset as opposed to a community property asset. **Will Reppeto** is a partner with Orsinger Nelson Downing Anderson. Throughout his career, Will's skillful and knowledgeable representation in all facets of family law has earned him the trust and respect of his clients, opposing counsel and the courts. In recognition of his work, he has been selected to the Texas Super Lawyers list published by Thomson Reuters. Will has been Board Certified in Family Law by the Texas Board of Legal Specialization since 2002, demonstrating his ongoing commitment to excellence in this area of law. After earning a Bachelor's Degree in political science from The University of Texas, Will graduated from the Southern Methodist University Dedman School of Law. He completed a Comparative Study of Anglo-American Jurisprudence at University College in Oxford, England, and a Comparative Study of Anglo-American Governmental & Historical Perspective at St. Mark's College of the University of London.
